

## Tallying Up For Thanksgiving

In the first place, let us be thankful that we are alive and live in the most prosperous and progressive country on the earth. In the second place, let us be thankful that we are able, with the abundance of means at our disposal, to provide ourselves with all of the necessities of life.

Necessities which in former times would be called luxuries are to-day necessary to our mode of living. Among these are the furnishings for the dining room. How much better to your own peace of mind on Thanksgiving day will be the fact that you have acquired one of our many beautiful Dining Room Suites. Shall it be massive Colonial Oak, or graceful Queen Anne in Mahogany? You will know better what will look well in your dining room after you have seen the splendid showing here. Prices range from \$32.50 to \$175.00; terms to suit.

Slippery going on Elm street was responsible for a mishap to the street department's auto truck recently, when the big tractor backed over a bank on Elm street and came up on the bank of the brook near the corner of Elm and Jefferson streets. Perley Witham was driving the truck and some time elapsed before the vehicle was returned to the highway.

To make up for the extended quarantine period in the summer, when City park, as a lounging place for the ladies, was proscribed by the board of health, the park commissioners are permitting the benches to remain in their places longer than usual this fall. The water in the fountain was shut off some weeks ago and the fountain has been banked for the winter.

One of the largest roof stones to be transported over the Eureka & Chelsea railroad in several months came down from Millstone hill yesterday and was taken to a north end shed for finishing. Thanksgiving is to be accorded the customary observance in Barre, with granite manufacturing plants, stores, banks, business offices and the postoffice closed for the day. Union services are to be held in the First Baptist church this evening, with several clergymen participating. In other churches there will be special services to-morrow.

Some idea of the quantity of free tobacco and other smoking material to be received by soldiers in the near future may be gained by a survey of the display window in the Marriion tobacco store, where all the packages are on exhibition. Thus far George M. Marriion, who is donating the pipes, pipe tobacco, cleaners, cigarettes and papers, along with the postage, has received the names of 158 young men from Barre and Barre Town who are in the army or navy.

Through his generosity each is to receive the smoker's kit, a replica of which is shown in the window. Attaches of the postoffice assisted Mr. Marriion in stamping the packages, all of which were addressed before they were placed on exhibition. A few days remain in which names of soldiers and sailors may be registered at the corner store. A large American flag furnishes a background for the window display.
